1605 George Jackson Road, Maupin OR 97037   541-395-2911 Fax 541-395-2912

White River Health District Policy declaration of adoption of OHA Immunizations Protocols.

With the measure of consistency and collaboration as a delegate of the Public Health department, White River Health District will be adhering to the published Oregon Health Authority (OHA) Immunization Program Protocols.

All protocols are online with the Oregon Health Authority (OHA) and collaborate with Center for Disease Control (CDC) guidelines. For purposes of approval of this policy attached is the Table of Contents with the current updated renewal date as well as all the protocols this policy will cover for Immunizations including adverse reactions, Immunization injection site for administration.

Clinic Manager and/or Medical Director will review protocols with Oregon Health Authority (OHA) on a quarterly basis to verify if an updated version is available for the clinic protocol manual. Any changes will automatically be implemented upon receiving notification of changes from CDC or OHA.

Attached: Immunization Table of Contents and all Immunizations protocols to be placed in the Clinical Protocol book.

Oregon's Local Health Departments and other public sector clinics are required to have onsite signed and up to date orders listed below (unless marked "optional").

Note to clinicians: The immunization protocols listed above and protocols for any newly recommended vaccines will be updated at the discretion of the Oregon Health Authority Immunization Program. Interim influenza protocols will be finalized once the ACIP Influenza Recommendations are published.

You will find the OHA protocols in the Model Immunization Protocol binder located in the provider's office.

You can also find them at:
